TO WHOM IT MAY CONCERN

Reference: Zikhulise Community Upliftment Project

Foskor Pty Ltd can attest that Zikhulise Community Upliftment Project contributes to the upliftment of the society in general by all the services they render to the local communities.

Foskor started working with Zikhulise dating back in 2010 by engaging them in the community projects that Foskor does through CSI. To mention a few, in 2011, Foskor adopted Nawe Zifunze Disability Centre, based in Richards bay, Mzingazi Area, where the upliftment of Youth and Women with Disability is a major priority to Foskor.

Ladies from Nawe Zifunze were trained in various projects, like Baking, Sewing, Embroidery and Beadwork through Zikhulise. Recently they have trained Disabled Youth on Pottery & Clay in a 3-month programme, including the incubation period, and they have produced such an excellence work taking into consideration their physically challenged conditions.

I can confirm that most of the Youth and Women trained through Zikhulise are now self-sustainable and they have their small businesses through the training and experience that they have acquired from Zikhulise Community Upliftment Project.

The relationship between Foskor and Zikhulise is a strong and ongoing healthy relationship in uplifting and shaping lives of the communities.

Therefore, I have no hesitation in recommending any assistance of any kind offered to Zikhulise Community Project and that assistance will add great value to our local communities.
