

Dear Sir/Madam

RE: ZIKULISE COMMUNITY UPLIFTMENT

Child Welfare SA: Richards Bay Family Care hereby confirms that Zikulise Community Upliftment is a well - known community organisation that provides valuable skills training and capacity building for young entrepreneurs, to encourage economic empowerment.

Zikulise continues to facilitated a variety of training workshops including sewing, traditional beading, baking and hair braiding training. These workshops also include basic business skills, that allows young entrepreneurs to sustain their new business ventures. The skills imparted were invaluable in providing necessary support to assist in ending the cycle of abuse for some of these community members whom are affected by the scourge of gender based violence.

Child Welfare SA: Richards Bay Family Care is a non-profit organisation that remains proud to partner and collaborate with Zikulise in the process of developing communities. It is evident that the organisation operates on principles based on public accountability, transparency, honesty, integrity and good governance. The professional conduct of the organisation’s management and team of staff, ensures its continued success.

It is an honour and a privilege to have been requested to write a letter of support for Zikulise, to encourage organisations and individuals to help this organisation continue with its valuable services in uplifting our society.

Thank you

Yours Sincerely

Aaliya Fransch
Head of Office
